REVIEW OF MARKETS FINANCIAL AND COMMERCIAL

Stocks, Money, Exchange, Bonds, Grain, Cotton, Provisions, Etc.

New York, Sept. 20.—This was a day of violent fluctuations and great speculative recitement upon the Stock Exchange. The movement of the Myss so feverish and incertain that the disposition among processional operators was general to close p account the days situation among property of the disposition among property and considering the wide vibration during the day. In only a few instances do many axeed fractions, and though the alority of stocks are lower, there is a fire sprinking of gains. There was a me in the morning when a long list of realistics had advanced between 1½ and points, and during the afternoon they axeed fractions and afternoon they are sprinking of gains. There was a me in the morning when a long list of realistics had advanced between 1½ and points, and during the afternoon they livery generally to as much below last ghts level. A range of between 3 and 8 ints was traversed during the day by a maker of industrial stocks. The railroad ooks did not move nearly so widely as rule, but an extreme range between 1½ did not move nearly so we for the inex of the market all day was Brooklyn ansit the dealings in which were on an armous scale. It advanced 2½, after 5, poning, fell 7¼ to a new low level 75½, and then retraced its course, risson, and the five of the morning. The whole the level of the morning. There was no important development today in the money situation. Foreign exchange was somewhat easier, more notably so on Paris and Berlin than on London. At this time last year, when New York surplus reserves had fallen below 35,000,000, gold began promptly to come in from Europe. Previous to last September we had aiready imported over \$100,000,000 of sold on balance, while thus far this year the excess of exports of gold on balance, has been nearly \$3,000,000. Although the excess of merchandise exports for eight months of this year is nearly \$75,000,000 less than last year, the unliquidated trade balance in our favor this far this year is, therefore, over \$2,000,000 greator than for the same period last year.

The Cotton Markets.

NEW YORK COTTON MARKET.

New York, Sept. 20.—Bull supremacy asserted itself at the opening this morning and dominated the cotton market practically up to the closing moment. Liverpool cables were bullish. Putures there advanced 24(3), points, while spot cotton Junped to 219-22d, for middling on heavy demand for Manchester and the Continent, the latter having grown out of bad crop news and small crop talk from this side. Shorts here were not slow in absorbing all offerings on the call. The result was a firm opening, with prices 4 to 7 points higher. The gain was later supplemented by a rise of 5 to 6 points and all through the session the market displayed inherent strength and great activity. The sudden stiffening of the market brought in a small avalanche of investment orders, Wall street leading in the Scales of business.

The South, which has figured in an important way of late as a buyer redoubled its efforts along this line and, in addition to hedging against over-sales in spot cotton, bought largely for investment account as well.

Shorts were additionally discomfited by the news that continued rains were delaying picking in the Eastern boit, while in the Western division the temperature has further dropped. The fact that receipts at the ports, as well as at interior towns, were dwindling engendered builts sentiment in investment circles and added to the confidence of longs.

There were periods of profit-taking in the afternoon, but the market generally showed well sustained strength, The close was firm at a net gain of 19 to 12 points. New York, Sept. 20.—Cotton steady; midding, 6 7-16c. Not receipts, 221 biles; NEW YORK COTTON MARKET.

NOTICE TO MARINERS.

(No. 174 of 1889—Maine.)

DOUBLE POINT LIGHT STATION.—Notice is, hereby given that on or about September 25, 1899, the fixed red lens-lant-an light at this station, on Doubling Point, Arrowsic Island, northerly bank of the Kennebec river, and near the upper end of Fiddlers Reach, will be moved to a point 652 feet N. 50 deg. W. (NW. ½ W.) (magnetic) from its present position.

For a few days after the above date the light will be exhibited from a mast on the square, gray, grantle pler recently erected near low water line at the point described above; the present tower will be moved to the pler as soon as practicable and the light installed therein as heretofore. The focal plane of the light will then be 25 feet above mean high water.

A footbridge, painted white, connects the pier with the shore.

The fog bell, with its striking machinery, will be established in the base of the light tower as soon as the tower has been moved to its new position. No change will be made in the characteristic of the light or of the fog bell, nor will the color of the light tower be changed.

The approximate geographical position of the light in its new position, as taken from Chart No. 314 of the United States Coast and Geodetic Survey, will be: Latitude, North, 43 deg., 5 min. (58 sec.). Iongitude, West, 69 deg., 48 min. (25 sec.). By order of the Lighthouse Board:

FRANCIS J. HIGGINSON, Rear-Admiral, U. S. Navy, Chairman.

Complexion and Hall Specialists.

The brilliant complexions of women in the more exclusive circles of New York society are not explained by the theory that associates beauty and idleness. In fact, many leaders of the world of fashion are hard workers. Yet they keep their good looks even when they are old. How do they manage it? THE MISSES BELL, of 78 Fifth Avenue, New York, themselves connected with some of the most noted and honored families in the metropolis, have answered the question. They have prepared for the use of women in general, five preparations for improving the complexion and the hair.

n reasures.

The Misses BELL'S **COMPLEXION TONIO**

is an external application, the presence of which on the face cannot be detected, it is perfectly harmies even to the most delicate skin. It is a sure and quick cure for all mughness and cruptions. It acts on the skin as a tonic, producing a naturally pure complexion. Cosmetics merely hide blemishes. The Tonic gets, tid of them.

It removes pimples, freckles, blackheads, most particles, sure large statements, of the skin. Price, \$1 and imperfections of the skin. Price, \$1 a bottle.

The Misses BELL'S HAIR TONIO

cures dandruf and prevents any return of it; stops that maddening itching of the scalp and makes the hair stong soft and lustrous. It is especially hap soft and lustrous. It is especially hap all to persons whose hair is thin, it y and liable to fall out. The lonic cleanes the skin hout the roots of the hair; will soon cover bald spots with a handsome growth. Price, it a bottle.

The Misses BELL'S OOMPLEXION SOAP

is made from the pure oil of lambe' wool. It is healing and gratifying to the skin, keeping it at all times in a clean and healthy state. This Soap is daintily seented, and is a most welcome aid to the tollet of fastidious women. The 40 most care is taken in selecting materials and scrupulous cleanliness in the intortary frisures the purity of the product. Price, 25 cents per cake, large four-ounce state.

The Misses BELL'S
GAPHLA-(ZENOVA)
or restoring prematurely gray locks to
heir original color.

for restoring prematurely gray locks to their original color.

It is not a dye nor a stain. It is a color less liquid that is applied to the roots of the hair and leaves no telltale signs on the scale or forchead.

Neither does it change the color of the hair all at once. Only dyes do that, and they wash off. But Capilla-Renova will not wash off. Price, \$1.50 per bottle.

The Misses BELL'S SKIN FOOD

is a soft, creamy, exquisitely perfuned ointment, which helps the action of the Tonic, and, in mild cases of roughness, reduces, pimples, etc., is a cure in itself. It clears the pores of the skin of all impurities and feeds it by building up the texture and making the flesh beneath it solid and firm. Price, 75 cents per jur.

A trial size sample of any one of above preparations at our parlofn in New York City: or by mail to any address in plain wrapper upon reepist of 25 cents at stamps or aliver to cover actual cost of postago and packing. Trial size samples can be secured from our New York office only. Our agents will not supply them. Correspondence cordially solleited. Address
